## A. APPROVAL OF MINUTES

Recommendation: That the Board approve the minutes of the Regular Board Meeting of February 17,2022

## B. APPROVAL OF CHECK REGISTERS

Recommendation: That the Board approves the February 2022 Check Register Nos. 101100, 101200 and 101300.

## c. APPROVAL OF BOOKKEEPER REPORT

Recommendation: That the Board receives and files the February 2022 Bookkeeper Report.

## 6. ACTION ITEMS:

### A. 2022 Ballot and instructions for LAFCO

Recommendation: That each Trustee ranks the 5 nominees listed in order of 1, being your first choice, 2 your second and so on.

A MOTION WAS MADE BY TRUSTEE VANDERHAAK TO NOMINATE JOHN SKERBELIS, SECONDED BY TRUSTEE KELLEHER AND PASSED WITH A 5/0 VOTE.

## B. Pechanga Monitors

Recommendation: Based on the email from the Pechanga cultural center some cultural resources have been discovered. She explains that they want to bury on our future cemetery property and have designated the burials as open space for perpetuity. I've pulled up the original contract and it clearly states that the developer should turn over all artifacts to the tribe for safe keeping. I think this is something we may need to discuss with legal counsel if we get push back from the tribe.

**NO ACTION** 

## C. Ratified Orders

Recommendation: Approve the order change for the cemetery hours beginning April 01, 2022. During COVID the hours of operation was 10:00 am- 4:00 pm. Even though the original Emergency orders put

in place by Governor Gavin Newsom are still in effect, we believe it is safe to reopen the gates to the public from 8:00 am -4:00 pm.

**DRAFT** 

Re: Proposal for Professional Design Services

**Temecula Public Cemetery** 

Dear Cindi:

Pursuant to our recent discussions and an initial review of the previous work efforts we have prepared the enclosed proposal for your review and consideration. We have reviewed the existing documents that you've shared – both the Conditional Use Permit Plans as well as the Phase I Precise Grading Plans for the construction of the Loop Road. Based on our discussions we are of the understanding that you would like to revisit the existing Loop Road plan and explore an alternative design that might better serve the needs of the Cemetery District.

We look forward to discussing the existing Conditional Use Permit (CUP) Plan to better understand the alternative preferences you'd like to explore. We propose preparing alternative design studies that explore alternative considerations that best utilize the site from a functional perspective (Loop Road relationship to intermittent areas) and complement the areas unique Wine Country aesthetic. In addition, we will review the information you recently provided on the previous CEQA process (Blueline Stream Designation) in order to develop a better understanding as to the site's full development potential.

As you review the enclosed, please do not hesitate to call to discuss as needed.

Sincerely.

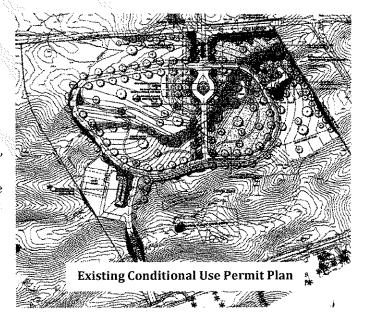

RJM DESIGN GROUP, INC.

Larry P. Ryan, LLA, ASLA Principal Landscape Architect

#### SCOPE OF SERVICES

#### PHASE I: PROJECT FAMILIARIZATION/CONCEPTUAL DESIGN

- A. Review District provided site survey for the project area. Our proposal has assumed that this information will be a digital aerial topographic survey will provide for 1" contour intervals, indications of all existing above grade elements (existing structures, roads, walls, fences, paving, tree massing, etc.). This survey will be utilized as the base plan information for the preparation of the Conceptual Design Study. This project survey should also indicate the property's lines, easements and setbacks.
- B. Review District provided utility as-builts for the project area. Our proposal has assumed this information will indicate both 'on-site', as well as 'off-site' subsurface utilities.
  - Once received, RJM will then draft the alignment of the existing utilities on the District provided digital survey.
- C. Meet with yourself to review existing site character and discuss proposed goals and objectives. Discuss and review project budget, schedule and potential preliminary cemetery program elements. These elements will identify the specific cemetery improvements to be considered, such as:
  - Entry drive monumentation and signage;
  - Pedestrian and vehicular circulation and parking;
  - Identification of area for inground interments as well as columbarium walls, garden retreats, administrative functions, etc.;
  - Maintenance building and storage yard.
- D. Review existing Cemetery Master
  Plan to become familiar with existing
  and proposed cemetery features
  (circulation, special event areas,
  monumentation, administration and
  maintenance staging areas, etc.)

E. Prepare one (1) alternative illustrative site plan indicating the cemetery's conceptual design. Roadway alignment for the overall site area, as well as the Phase 1 area including, administration area, intermittences, and maintenance area. This plan will respond to the site review, preferred program elements, pedestrian/vehicular circulation, administrative and maintenance considerations, etc.

The Conceptual Plan will be developed to illustrate the property's potential development. Sections will be provided at select areas to illustrate the proposed character and relationship between elements within the cemetery.

- F. On-line meeting with the District to review the Conceptual Design alternative.
- G. Prepare Refined Conceptual Design Plan in response to District comments.
- H. Submit Refined Conceptual Plan to the District via on-line

MEETINGS: - One (1) site meeting to review existing conditions, proposed

program, etc.

- One (1) Kick-Off Meeting with District, discuss existing Conditional Use Permit Plan, review existing site conditions

- One (1) On-line Meeting with District to Review Conceptual Design Alternative

DELIVERABLES:

- One (1) Conceptual Design Plan Alternative

One (1) Refined Conceptual Design Plan

 Submit / present refined Conceptual Plan to the District via "Go-to-Meeting"

#### PHASE II: COST ESTIMATING

- A. Develop Conceptual Grading Plan for proposed Site Plan.
- B. Prepare cut / fill earthwork estimate to assess volume of earthwork quantities and cost for proposed Site Plan.
- C. Prepare Statement of Probable Cost Estimate for all elements included in the Master Plan. This cost estimate will identify all hardscape (grading, paving, walls, lighting, structures, etc.) as well as softscape elements (irrigation, soil preparation, planting, etc.). The cost estimate will reflect public bid / prevailing wage unit prices.
- D. Develop Statement of Probable Construction Cost Estimate for proposed improvements.
- E. Meet with District to review the Preliminary Cost Estimate and discuss suggested refinements.

MEETINGS: - One (1) Meeting with District to Review Preliminary Cost

Estimate

DELIVERABLES: - Cut/Fill Earthwork Estimate

## Project Summary

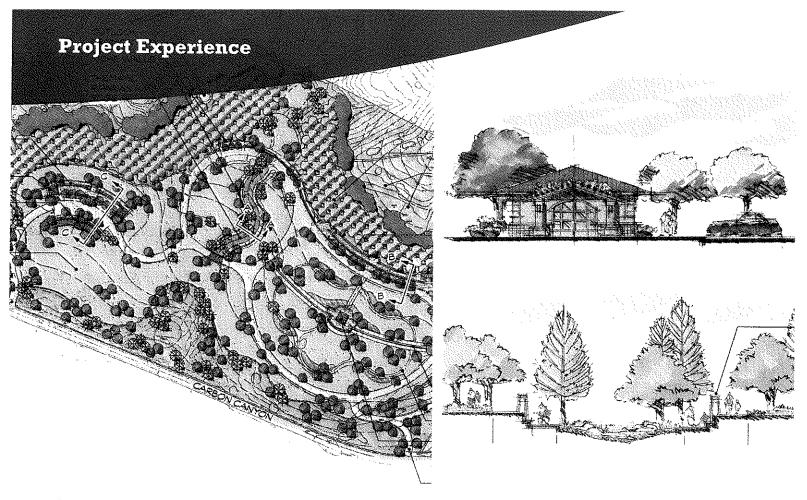

The I-15 Branding and Visioning Master Plan presented ideas to enhance image along the I-15 corridor through Temecula Valley through public art and landscape treatments. Themes along sections of the corridor and at the major interchanges reflect rich culture and history of the Valley to include 1) Pechanga Native American culture; 2) Temecula Old Town; 3) Temecula Wine Country; and 4) Temecula Lifestyle.

The interchange is the southern gateway to the City of Temecula, but I the main regional access to the Pechanga Resort and Casino. Concept for the interchange conveys the culture of the Pechanga tribe through sculpture art. Three different objects that hold a significance to the Pechanga people are represented pottery vase, basketry and acorns, an important food source in the area. A representation of the basketry pattern is conveyed in hardscape on the inside slope of the interchange. The landscape will include native plant found locally in the area. A partnership between the City, Pechanga and Caltrans was developed to implement this first component of the master plan and will be a model to follow for the other future improvement along the corridor.

## **Project Summary**

This project for the Orange County Cemeteries District evaluated the feasibility of developing a new cemetery in a site challenged by significant topography. The initial task was to create a preliminary grading plan and identify the 'developable' project area. The project then explored and provided various visual character and alternative burial settings, offering places for quiet respite and reflection, including: a meadow area with a riparian creek, urn gardens, orchards, and scenic overlooks with views of the naturalized hillside surroundings.

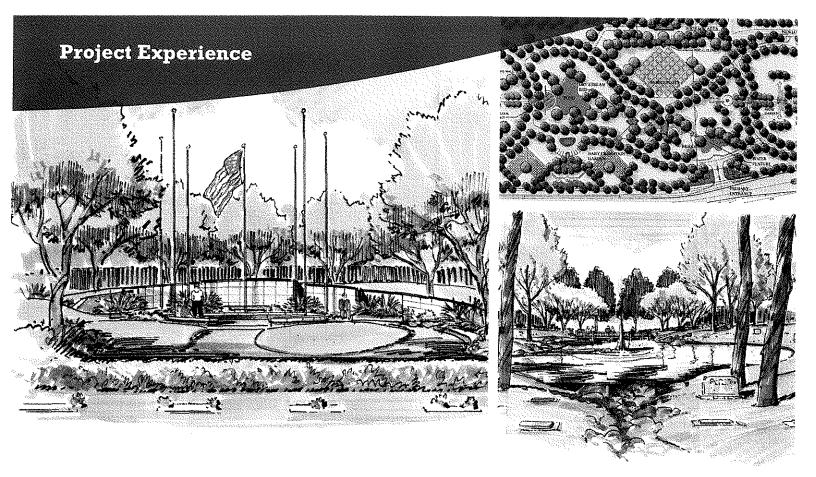

The proposed improvements occupy approximately 20 acres of land and included: Entry Monumentation, an Administration Building, Loop Road Circulation, 18,000+ Interment Sites, 10,000+ Inurnment Sites, Committal Chapels and View Outlooks.

Construction Cost: \$ 2.55 million

Client Reference Becky Badenell District Manager Santa Maria Cemetery (805) 928-9665

## Project Summary

The Santa Maria Cemetery Project included the Master Planning and Design for a new 30 acre site adjacent to the existing cemetery facility. As well as Construction Documents for Phase One.

The Master Plan consists of a gated primary entrance that incorporates raised stone planters and walls. The entry has a water feature as a back drop that leads to a stream bed, the stream bed also serves as a drainage collection device that flows to a large pond which sets up an overlook garden. Through-out the plan there are a series of specialty gardens which, incorporate unique design elements, creating premium internment plots. The plan also has two entries, as well as a third back-up entry, to serve as procession access to accommodate coinciding events. The maintenance and storage area has its own exterior and interior access, with a high decorative wall to serve as a back-drop for the family plot area, as well a screening media for the maintenance yard.

## **Project Summary**

The Chaparral Aquatic Facility is a truly distinctive project that exhibits the spirit of cooperation that exists between the Temecula Community Services Dept. and the Temecula Valley Unified School District to provide a mutual service to their Community. The goal of the project was to provide a joint use Aquatic facility that would meet the needs for the Temecula Community Services Department (TCSD) and the Temecula Valley Unified School District.

This 1.2 acre project consists of a 25-Yard by 25-Meter competition pool, a 2,475 sf recreation pool and diving well, spray aquatics area, zero water play area, 2,855 sf pool building and 640sf storage building.

The Chaparral Aquatic Facility incorporates state of the art technologies, which reduce the costs associated with aquatic facilities.

This new facility has made it possible to provide pool time to two local non-profit recreational swim clubs for practices and competitive meets.

## Redhawk Dog Park at Redhawk Community Park Temecula, CA

Completion Date: 2014 Project Size: 1.6 Acres Design Cost: \$ 30,640

Construction Cost: \$ 700,000

Client Reference Kevin Hawkins

Director of Community Services

City of Temecula (951) 694-6480

## **Project Summary**

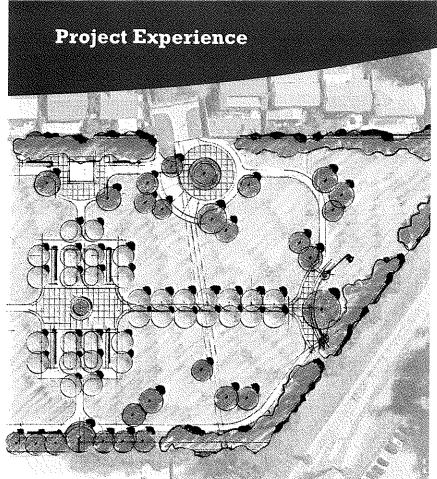

The 1.6-acre Redhawk Dog Park is located at Redhawk Community Park, a well-established community park in Temecula. The park was designed to respect the existing mature trees and existing irrigation system to minimize disruption and reduce construction costs.

The dog park was designed with four (4) separate areas. Large and small dogs were provided two areas each with fencing to allow the capability for the City to close each area for a turf recovery period. Amenities include separate entry/exit gates, shaded seating areas, perimeter 4-rail fence with woven wire fabric to convey a ranch style character, drinking fountains for pets and owners, and waste disposal units. The project also included renovation of the existing parking lot to accommodate new accessible parking spaces, prefabricated restroom / storage building and new half court basketball court.

Project Summary

The Holy Sepulcher Wall Crypt and Estate Garden project provides for quality internment options within southern Orange County. The site is located on the western banks of the Santiago Creek Open Space corridor and enjoys dramatic views to some of the county's most pristine undeveloped areas.

'Hardscape' and 'softscape' material selections were intent on responding to the sites natural character and appeal. As the length of the project is approximatly 1/4 mile, the design teams' intent was to impart a sense of scale to the overall streetscape which provides access to the crypt wall and estate gardens. Simple but strong paving patterns and colors were utilized to provide pedestrian scale and appeal. Peppermint willow trees were installed along the streetscape edge to preserve views from above as well as to respond to the areas rural / open space 'sense of place.' Specimine oak tree plantings provide for appropriate focal plantings at selected areas.

The overall project's goal is to provide a variety of interment options within the context of an unpretentious and invading landscape setting.

**Subject:** Refund for "gathering charge"

Follow Up Flag: Follow up Flag Status: Flagged

Hello,

I am going over the charges for my dad's recent funeral and thought I'd better sit down and take care of this. Robert Medearis was buried in Temecula Cemetery on 3/9/22. He lived in Temecula since 1979 and paid into the district since then. (My mom still is paying for this). The issue is that we were charged \$500 for a "gathering other than a single witness".

We paid for that along with the other reasonable charges for his situation. We had a very small gathering of 13 family members. My mom was obviously very upset and we were assuming she could sit down. We were trying to keep her from falling, she is 84 years old. When we arrived, there were no chairs the family to sit. We asked one of the staff for a chair from the cemetery office and they were very nice to retrieve one for her.

There was nothing else done by the cemetery for that \$500. I was told they used to put out chairs and a canopy before Covid. I'm sure we can agree that this is a fee that shouldn't have been charged. There were no services given in return for this money. We conducted our own prayer dedicating the grave and then left before the lowering of the casket.

I don't know how you want to refund this, either a check to my mom or a credit to my credit card I charged it to. I will include my mom's mailing information for a check refund to be sent to:

Darlene Medearis P.O.Box 892110 Temecula, CA 92589

Please update me on how and when that refund will be taken care of.

Thank you for your time,

Hello Cindy,

We did say that we would be at the graveside. We had already had the funeral on Saturday. The bottom line is this was a fee that was charged for no services provided. That is very dishonest.

You cited Covid as some of your reasons but we know that Covid isn't a concern to anyone in an outdoor situation (i.e. Super Bowl). We don't need to discuss the emergency order that you decided to put into place. No masks were required and no sterilization was needed in an open air area,

The fact of the matter is that this fee is not acceptable and I see it as gouging a Temecula family during a very emotional and upsetting time. We are also a family who has paid the district fee on this cemetery since it was formed. We are a made up of three households of tax payers that have been here for over 40 years.

I'm just seeking fairness in this situation. I hope I have pointed out some additional points that you may not have considered that will help you to see why this should be refunded. A fee was charged for no services, but if you still don't want to issue a refund, please send me the emails to directly contact the district board so that we can discuss it further.

Thank you very much for your time,

Carrie Medearis Tomseth

As far as "graveside services" chairs and canopies have not been allowed since March of 2020 due to the COVID 19 and the emergency order that was put in place by Governor Gavin Newsom, which is still in place to this day.
Although we have our own emergency order, (not to supersede the Governors) in place, we do not have the man power to be sterilizing chairs and canopies after each service. (Sterilizing was Governor Newsom's order along with many other safeguards.) We have chosen to wait until this winter and see where we stand with the virus before a decision is made to revise our orders.
I wanted to speak with Joe first because the staff knows to offer the committal center at no charge where there are benches for those that need seating. He confirmed that it was explained to you and that you chose to be at the graveside.
I apologize for any misunderstanding, however, a graveside service takes extra time and labor to set up and to make it safe for the family, which is why there is the charge of \$500.00. If we had a service at the committal center, it would have been a rough grave which would have taken less time and labor, but of course not safe for anyone to be around.
After speaking with Joe, I'm confident we did provide the service you requested.

Thank you very much for your prompt reply.
FYI, Joe was very helpful with every bit of the transaction and a delight
to deal with. His was very patient as my sister and I tried to take care of
the burial details to save my Mom from the task.
I will watch for your reply.

Dear Dale,

There wasn't any confusion. Nobody created a graveside service and nobody explained the expense and amount

of work for a graveside service which we didn't have. The work of digging and prepping the plot was something

we spent extra money on and that was explained completely.

Maybe you can explain to me what the \$500 was used for. There were no chairs or canopy. Cindi cited Covid as

the reason for no chairs or canopy. The burial was outside, no masks or sanitizing required. It didn't take much time

or staff to put up fake grass around the casket. There was no service. We said a prayer to dedicate the grave and

each put a white rose on as we left. We had the funeral on Saturday but were assuming we would be able to sit

a while at the grave.

The staff was closeby waiting for us to leave so we didn't stay long. We could tell they wanted to lower the casket

so they could get done and go home. It started at 3pm and we were gone shortly after.

This seems to be price gouging for services that were not rendered. Please explain in detail "the expense and amount

of work to create a graveside service" that you are mentioning above. I would like to know what exactly was the billable work you are speaking of.

#### Cindi,

I am aware of this group of cemetery industry professionals, some of which I have worked with in the past. They are new to CAPC as a group, however a few of them, like Dave Hepburn have worked under other company names.

I don't have any recommendations of their current service, but know that there is a wealth of experience with the individuals associated with the group.

Our cemetery design consultants that we have worked with are primarily RJM Design Group of San Juan Capistrano and James Mickartz Architect of Irvine. The both work together and independently based on the scope. RJM is the main consultant that is the principal of our development team for the new cemetery and State Veterans Cemetery – We have assembled a team for all aspects which include geotechnical, environmental, structural and engineering.
